Cambium Series in Birchwood

CAMBium

Cambium® technology is an innovative new wood grain finish inspired by the natural endurance of trees. Just as cambium cells in a tree keep it healthy year after year, our Cambium stays strong and beautiful, too.

Unlike real wood, the vinyl construction will never fade, warp, crack, or mildew, guaranteed. And with a lifetime warranty, you can enjoy peaceful outdoor living worry-free for all the seasons ahead.

The key to Cambium's industry leading weather resistance is SolarGuard®, an advanced color retention technology that protects the finish from the sun's harmful rays. SolarGuard technology is actually infused as the fence is created for a lasting, like-new finish.

Where standard fencing fades or discolors as a result of sun exposure, homeowners can be assured that ActiveYards fencing will retain its original color beautifully for years, guaranteed.

Our Ingenuities. Your Advantages.

SOLARGUARD™

Color that Lasts

Every fence we make is infused with our exclusive color retention technology, which helps protect it from the harmful rays of the sun.

GLIDELOCK™

Privacy & Strength

Our GlideLock® design makes sure each board locks tightly into place without any gaps providing you the seclusion and privacy you want for your yard.

STAYSTRAIGHT™

Perfectly Balanced

StayStraight® technology is the exclusively engineered ActiveYards rail system designed to prevent substantial long term bowing or sagging.

CORIGIN™

Fortifies the Core

An innovative construction system that connects the pickets and rails from the inside out producing a longer lasting, stronger and better looking fence.

CAMBIUM™

Natural Beauty

Our Cambium® technology gives you all the natural looking beauty of real wood, without the need for continued upkeep and maintenance.

STAYSQUARE™

Perfectly Strong

StaySquare® Gate Systems featuring innovative gate pockets are exclusively engineered for strength without the use of a brace.
